Personal Statement

This statement clearly articulates in 30 words or less what you are requesting:

As an example, "The dollars will be used to purchase lab equipment for a graduate course which will study rainfall patterns in Phoenix." Alternatively, "The dollars will be used to host a summer program for incoming foster youth students."

Write the Summary as if this is the only thing a Woman and Philanthropy member reads before voting (maximum 500 words).

Be sure to make it clear and concise, and state the critical points of your proposal. Tell your story (mission, vision, promise, approach, use/impact of grant) in a succinct, compelling, and powerful way.

On the provided logic table, please describe 3 project milestones. Be sure to include a key date for each step and keep each input under 20 words. The goal of this table is to help illustrate the steps needed to achieve your overall goal (as stated in your proposal summary).
